

LIBERTY™ FOR ONE AND ALL

LIBERTY™ WHEELCHAIR ACCESSIBLE

This spacious wheelchair accessible portable is easy to move, transport and definitely provides users with room to maneuver. Coming or going, Liberty's™ doorway allows easy access for wheelchairs and others needing extra space. Inside, Liberty's™ handrails, paper holder and unbeatable rotary latch/indicator system are designed and positioned for simplicity and ease of use.

Operators have the distinct advantage of owning a unit made from high molecular polyethylene for the ultimate in durability and vandal resistance. That includes the entire door frame, which is a made of a vacuum formed twin sheet that withstands hard hits and endless pounding without bending or buckling like metal frames. The

patented flat floor system, combined with the strength of the side walls, forms a sleek, modern unit that retains its shape over the life of the product.

Overall, the Liberty™ is built like any other Satellite product – to last. Contact your area manager or Satellite to place your order.
